JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

PERU.

Report from Callao—Inspection and fumigation of vessels—Status of plague in Peru—Smallpox at Lima—Plague in Chilean ports.

Acting Assistant Surgeon Gutierrez reports, July 14:

During the week ended July 4 the steamship *California* was dispatched, with an aggregated personnel of 118 in the crew, and with 53 cabin and 70 steerage passengers. The steamer was fumigated.

During the week ended July 11, the Chilean steamship *Tucapel* and the British ship *Desdemona* were dispatched with an aggregated personnel of 114 in the crews, and with 106 cabin and 84 steerage passengers. Both were fumigated.

The following is the latest report on plague received from the Director de Salubridad Publica:

Locality.	Cases June 23.	New.	Recovered.	Died.	Remaining July 6.
Lima	8	6	3	3	8
Callao	5	3	3	1	4
Trujillo (city)	30	5	10	23	33
Trujillo (country)		31			
Mollendo	1	1
Monsefu	1	1
Chiclayo	2	1	1

One of the cases of plague reported as from Callao belongs to Lima. In Callao there have occurred until this date only 2 cases of plague, one July 3 and the other July 14.

The Director de Salubridad reports to me that 16 cases of plague have occurred in Salaverry, port of Trujillo, since May 2.

Two new cases of smallpox have occurred in Lima; both were removed to the lazaretto.

Plague in Chile is reported as follows by the bills of health: Antofagasta, June 27, 3 cases; no deaths; Iquique, July 4, 4 cases are convalescents in the lazaretto.

RUSSIA.

Report from St. Petersburg—Cholera in Moscow and Batoom districts.

The following is received from Consul-General Ragsdale:

August 10. Cholera reported in the Moscow and Batoom districts; none in this district.

Report from Odessa—Cholera at Rostov.

The following is received from the Department of State under date of August 10:

This Department is in receipt of the following cablegram from the consul at Odessa:

Cholera Rostov.
